HISTORIC & CULTURAL RESOURCES REVIEW

Property / Client Name:	Hoh River Feasibility Study and Project Design, 11-1466
Worksite Name/Number:	Hoh River Floodplain Complexes (Worksite 1 of 1)
Funding Agency:	Rec. and Conserv. Office

Project Applicant	Jefferson Co Cons Dist
Contact Person	Wendy Marsh
Address	415 W Chinook St
City, State, Zip	Livingston, MT 59047
Phone	(206) 718-4897
E-Mail	wendy@wildfishconservancy.org

Funding Agency:

Organization	Rec. and Conserv. Office
Address	PO Box 40917
City, State, Zip	Olympia, WA 98504-0917
Phone	360-902-3000
Contact	Kat Moore, Email: kathryn.moore@rco.wa.gov

PLEASE DESCRIBE THE TYPE OF WORK TO BE COMPLETED

(Be as detailed as possible to avoid having to provide additional information)

Provide a detailed description of the proposed project:

Jefferson County Conservation District, in partnership with Wild Fish Conservancy, proposes a project which will identify the extent and nature of problems and habitat deficiencies in the floodplain complexes of the Middle Hoh River from river mile (RM) 17- 30 in Jefferson County. The Feasibility Study will include a habitat inventory based on hydraulic, geomorphic, and riparian conditions which will inform conceptual designs at five potential projects sites. This list will then be reviewed by the North Pacific Coast Lead Entity (NPCLE) Technical Committee and ranked according to project prioritization methodology outlined in the North Pacific Coast (WRIA 20) Salmon Restoration Strategy (2011 Edition). The NPCLE Technical Committee will provide the project sponsor with a ranked list of the highest priority habitat restoration projects, and the project sponsor will proceed to the preliminary design phase for the highest priority site. The restoration goal of the Feasibility Study and Preliminary Project Design is to re-establish natural geomorphic processes that are essential in forming, connecting and sustaining a diversity of fluvial habitats required by native salmonids in the Hoh River.

Describe existing project site conditions.

Current land use includes timber harvest and limited agricultural uses on WA Department of Natural Resource, US Forest Service, and privately owned land. Recreational use also occurs throughout the river corridor.

Describe any proposed ground disturbing activities. That is, will a tool(s) be used to move earth (soil, rock, gra

Will buildings be altered or demolished? If so please complete a DAHP Determination of Eligibility EZ2 form for each building affected by the proposed project and attach the form to your project in PRISM. <http://www.dahp.wa.gov/pages/Documents/Sites.htm>
